TABE Testing

You will be notified during the admissions process if you are required to take the TABE. We encourage students to complete the test during their first semester. The TABE is a state requirement for completion of the Cosmetology program.

The TABE requirement is waived for students who earned a standard Florida high school diploma in 2007 or later, or who hold an associate degree or higher.

The test is offered free of charge at all IRSC campuses. For more information, call 772-462-7616.
